MARCH 18TH- MAY 8TH, 2016

The University of Arizona Museum of Art (UAMA) recently dedicated a gallery space to the UA community programs and partners. Twenty-four Sonoran UCEDD ArtWorks artists with intellectual and developmental disabilities are invited to exhibit their art pieces, March 18 – May 8, 2016. To inspire unique artistic expressions for their original art pieces, ArtWorks artists visited the UAMA; unlike a conventional museum educational tour, these UAMA visits were individually tailored to the artists' own interests. Please stop by.
