- This week you will be creating art through canvas painting! You have many options. 1) Feel free to paint anything you want. 2) As a family, select an image and everyone participating paint the same through your own eyes. 3) Make a game of canvas painting and everyone chip in to add color and images to a given painting. See what you come up with!
- Use the paint, paint brushes, and paint palette that have been given to you from camp week. Please use wax paper or newspaper to protect the table surface.
- Don't forget to clean your mess and wash your hands when you are done!
- Examples of canvas art ideas are provided below if you need help.
