Drug Policy Research and Advocacy Board (DPRAB)

Transforming MOUD through community-focused research & the application of evidence

MOUD Policy Change & Access

(interviews, secret shopper study, survey)

Harm Reduction Pharmacies

(Syringe dispensing (ASAP), Pharmacy HR services mapping)

Studies & Projects

Hepatitis C
Testing &
Curative
Treatment
Access

MPACT:
Methadone
Access to
Collaborative
Treatment

Evidence to Action

(using evidence from studies, we....)

Educate

- Public: patient information about multiday dosing and harm reduction pharmacies
- MOUD providers and pharmacists about community needs and the law

Advocate

- With the state of AZ to embrace upcoming federal MOUD flexibilities
- With Medicaid to remove barriers to HCV curative treatment
- With the AZ Pharmacy Board to permit dispensing of subsidized naloxone in pharmacies

Empower

- Communities with information to improve their health
- Evidence ambassadors and partner organizations with evidence-based communication tools
- DPRAB members as individuals, and professionals in networks (micro, mezzo, macro impact)
