

THE UNIVERSITY OF ARIZONA
FAMILY & COMMUNITY MEDICINE
**Harm Reduction
Research Lab**

Reducing Opioid Overdose and Bloodborne Illness through Research, Practice & Policy Innovation

Community Driven Solutions

Engaging practitioners, patients, people who use drugs, harm reduction organizations, payors and government partners to drive innovation.

Practice Based Research

Developing and testing innovations in medicine and pharmacy practice.

Policy

Translating research findings to inform policy development at state and national levels.

Patient Empowerment

Creating technology to empower people who use drugs and patients seeking harm reduction services and opioid use disorder treatment
