

# Rock Painting Activity

## Rock Painting Tips:

**\*Wash your hands and fill a glass of water for the paintbrushes.**

**\*Place newspapers on the table to prevent any stains.**

**\*Rinse or wash your rocks to remove any dirt and allow to dry.**

**\*Prime with white paint to help the colors that you paint on top appear more vibrant.**

**\*Begin painting. Apply 2-3 coats of paint, let each coat dry before applying another coat.**

**\*Once completed, let your rocks dry. Clean up your work area and wash off any paint from your hands.**

**\*The pictures above will give you an idea on how to design your rock. Be creative and have with this activity!**
